

Student Seminar Evaluation Form
Plant Pathology 515, Fall 2017

Student's name: _____ Seminar date: _____
Evaluator (optional): _____

Please provide constructive praise or criticism by commenting on the following aspects of the student's presentation:

1. Please comment on the overall level of organization of the presentation.

- Were objectives clearly stated?

- Was the significance of the topic made apparent?

- Was information appropriately summarized?

2. Please comment on the overall quality of the verbal delivery.

- Was the speaker audible and readily understood?

- Was syntax appropriate?

- Were eye contact, voice modulation and gesture used to engage the audience?

- How well did the speaker field questions from the audience?

3. Please comment on the overall quality of the visual aspects of the presentation.

- Were contents of slides clearly visible?

- Was the pace of visual presentation appropriate?

- Did the slides reinforce essential aspects of the presentation?

4. Did the student adequately grasp the salient, scientific aspects of the topic?

- Were conclusions clearly summarized?

- Were critical implications mentioned or discussed?

**Please return this form to Dr. Weidong Chen at the end of the seminar or leave it in his mailbox, email to:
