

Washington State University
Student Alternative Transportation/Lodging

Student Name: _____
(Please Print)

I understand that transportation to/from the field plot located at Prosser, Puyallup, Mt. Vernon, Othello, Wenatchee Washington and the Columbia Basin and lodging is provided by WSU. I understand that WSU recommends that its students use the transportation and lodging it provides.

I have opted not to use WSU transportation and lodging for all or part of my travel and lodging to or from the above locations. **I understand that by so doing I assume risks (including risk of damage to property and/or personal injury including death) from any alternative, non-WSU transportation and lodging I may choose. WSU has not assessed nor is it aware of insurance or lack of insurance that may be connected with such transportation. WSU does not recommend use of such transportation.**

In those cases where I choose to use transportation and lodging not provided by WSU, I release and hold harmless (not hold liable, sue or seek damages) and agree to indemnify (potentially pay personal and property damages of any such accident, including attorney fees and costs, if liable under legal principles) WSU, its Regents, employees and agents from any and all liability, claims, costs, liabilities and/or losses (which may include serious bodily injury or death) arising from or related to my use of alternative, non-WSU transportation and/or lodging.

I understand that WSU, its Regents, employees and agents are not responsible for me in any regard while I am using alternative transportation and/or lodging. I take full responsibility for my conduct and any consequences stemming from it. As a student athlete, I understand that I am bound to follow all WSU, Athletics and team expectations regarding conduct (including those to maintain my eligibility to remain part of the team), in addition to state and federal laws.

I have read this document carefully. I understand that it contains a language by which I assume risks and significant financial responsibility. Also, I understand that it contains a release of claims (which operates to limit my potential legal claims and operates in favor of WSU).
